

Hurry
Stage 3 Land Release
Must Close Early
September

Every week Australians
spend 20% of their
income buying energy

Information source - New Internationalist

Join the move to South Australia's first Arts EcoVillage – a unique living environment that nurtures its own (pesticide free) produce whilst offering energy efficient housing, friendly, usable community spaces and a traditional village lifestyle.

Expressions of interest are now being accepted for the final large land lots. Register your interest at www.aldinga-artsecovillage.com.au or phone Scarce Real Estate (8332 1022).

Yes, it contains benchmark energy efficient housing standards

Yes, it offers the most efficient water use standards in Australia

Yes, community life is valued

Congratulations to Eco Voice magazine on issue #2 from everyone at the Village
